Bein' Around

You try to run from the lights of the city
Looking for somewhere that's safe to hide
I'll take you into my arms and baby
I can be your angel
Keep you out of danger

'Cause I like to lift you up
Don't want to let you down
I like to make you happy
Just by bein' around
Just by… whoa, whoa

It's late at night and you're feeling lonely
Wishing that somehow the phone would ring
I call you up 'cause I know that only
I can be your angel
Can't you hear me singing

'Cause I like to lift you up
Don't want to let you down
I like to make you happy
Just by bein' around
Just by… whoa, whoa

And when you're heading in the wrong direction
All you need to turn your world around
Is just a little bit of my affection

Whoa…(4x)

You try to run from the lights of the city
Looking for somewhere that's safe to hide
I'll take you into my arms and baby
I can be your angel
Look into my eyes

Because I'd like to lift you up
Don't want to let you down
I'd like to make you happy
Just by bein' around
Just by whoa…(8x)
