Eyes To Heaven

I feel your breath on my face
It lets me know you're still with me
I'm still alive searching for what was left behind
But not forgotten

How could I have lost myself
When it was not so long ago
That it all seemed so clear
But I'm still here

I lift up my eyes to heaven
Desperate just to try to be near you
Open my heart and clear my head
Why is it so hard to hear you
When if not for you, I'd have no strength at all

I make my way to the mountains
It's the only thing that helps
Each step a journey forward a pathway toward
Something larger than myself

As I take the final step
I look around and catch my breath
I'm always startled by the view
The sky's so blue

I lift up my eyes to heaven
Desperate just to try to be near you
Open my heart and clear my head
Why is it so hard to hear you
If not for you, I'd have no strength at all

All my life I wondered where should I begin
Always looking out but nothing ever sinking in
Now there's nothing left inside
And nowhere left to hide
Only one thing to do

I lift up my eyes to heaven
Desperate just to try and be near you
Open my heart and clear my head
Now I can finally hear you
If not for you, I'd have no strength at all
